

AGM PART 2 AUGUST 2020

Questions about reports on the website. No

The only report not on the website is the Finance Report. All the finance figures are on the front of the newsletter. During the pandemic the generosity of the parishioners has been fabulous and of course we have been making savings because all members of staff have been on furlough. We are therefore able to help people in need brought on by the pandemic so if anyone knows of someone who needs help in any way please let us know. The figures do include the money paid into the "charity box".

With regards to the money in the Development account we are thinking about a new heating system for the church and we have probably half the money needed. Congratulations to the 100 club fantastic figure.

Comment: Huge appreciation to Sandra Rocco for all the masks that she has made during the lockdown and all proceeds have been donated to the church.

Fr then announced the results of the parish votes for new members of the parish teams. He and Deacon Martin had counted the votes for the volunteers separately and had reached the same amount. They are as follows:

Lydia Burchell 79

James Carmichael 40

Connie cousins 31

Emanuele Rao 30

April Redding 20

3 votes not valid

total votes 186

Thank you to all those who volunteered and those who voted.

The terms and conditions of the constitutions of both the parish council and finance team have recently been updated and are on the website. With arrival of the new parish priest these will need to be revised and he is entitled to make changes.

Fr contacted all the named groups asking for their representatives to the parish council. Some gave the names immediately and others wished to consider who to put forward before giving a name.

Positions awaiting appointments. Fr Pawel entitled to make changes. But think

These names will appear on website this afternoon. Fr thanked everyone for putting themselves forward for the work of the parish. He was pleased that the votes were able to be announced.

It was asked if there are any dates for his induction into his new parish. Fr answered that he doesn't know yet but will let us know. His official date of appointment to Dulwich is 1st September. Fr Pawel's date of appointment to this parish is officially from 1st September.

He was asked about his Farewell Mass. He is not planning to do one as it will be difficult to do during the pandemic and he does not want to put an additional burden on the parish and Fr Pawel. He will be treating 29th and 30th August as his farewell masses.

He was asked if there is a list of projects for parish development. The Parish Council and the Maintenance Team have a list of projects. Fr Pawel is aware that the next big project is the church heating system.

Fr thanked everyone for attending the AGM and said that he hoped that Fr Pawel will be supported here as he has been.

Finished with a prayer.
